Library Information

Library Refurbishment

The Library is now open after being redecorated and having new lighting installed. We have also taken the opportunity to reorganise and provide more study tables in the main library and 12 dedicated carrels in the quiet room. The computer links will be upgraded in April and a wireless network added. We hope to be functioning fully by the end of May.

ADITUS / NATIONAL CORE CONTENT

From 1st April databases such as Medline, Cinahl & Embase will be available to all NHS staff in England alongside 800 full text journals. The North-West access point is through ADITUS at www.aditus.nhs.uk. Please contact the library for further information, usernames and passwords.

ARTICLE REQUESTS AND INTER LIBRARY LOANS

Please note - We are currently unable to process article and inter library loan requests within one working day due to a temporary lack of staff. All requests will be done as soon as possible but there will be delays.
